PATDI

ANNUAL ADMINISTRATION REPORT.

FOR 1909-10.

134925

This report chiefly concerns the Kathiawad Mahal of the State for the year ending by the 31st March 1910.

CHAPTER I.

2. **General and political**—This State ranks in the 4th class and comprises an area of about 165 square miles and population of 14921 souls out of which the Kathiawad Mahal has an area of 39-4 square miles and population of 2190 souls according to the census of 1901 A. D. Gross Revenue (based on the average of the past five years) of the Kathiawad Mahal is Rs. 23001-10-5.

3. The annual amount of Peshkashi is settled at, besides Rs. 3005-8-11 annually payable in the Dasada Thana, Rs. 5235 payable to the Kathiawad Treasury, from which Rs. 2015-12-0 are permanently deducted on account of compensation for Savda and Khakharla lands taken up for the Salt Department, leaving a balance of Rs. 3219-4-0.

4. Shri Surajmalji Jorawarsingji the Present Ruling Chief is aged 62 years and is a Kadwa Patidar by caste. Kumarshri Dolatsinhji is the only natural heir, who has studied at Rajkot Rajkumar College, and who now assists the Chief to a great extent in the administration.

5. There were neither any marriage celebrations nor any domestic occurences of interest during the year under report.

6. The Chief Kamdar and other high State Officers have as shown in Appendix I been the same as those in the previous year. All have performed their duties satisfactorily.

CHAPTER II.

7. **Administration of the Land**—The Revenue System of the Bhag-Batai is prevailing in this State as here-to-fore. There was no special reason occasioned to make any alteration in the system in vogue.

8. No significant amount of waste land was taken up for cultivation during the year under report. There were neither any alienations nor any boundary disputes. Tagavi advances to cultivators amounted to 1809-8-2½.

9. The agricultural occupation is involving year by year a serious problem as the labour is growing very dear and the years becoming irregular.

CHAPTER III.

Protection.

10. **Legislation**—Appendix II hereto attached will give an idea of the laws and rules inforce in the State.

11. **Military Force**—No regular military force is maintained and hence Appendix III hereto attached is blank.

12. **Police**—Appendix IV gives the full description of the Police force. Briefly, its strengh consists of 4 rank and 25 file of which, 8 are mounted. They are armed with muzzle loaded guns and swords. The strength is the same as was in the last year. It is both fully sufficient and efficient. Their ratio to population and area is 1 to 532·89 souls and 5·89 square miles respectively. Its cost is approximately. Rs. 1250.

13. The following statistics will show the working of the Police.

Year.	No. of offences committed.	No. of persons arrested.	No. of persons committed.	No. of persons convicted.	Amount of property stolen.	Amount of stolen property recovered.	
1908-09	4	5	5	3	32-13-6	2-13-6	
1909-10	4	4	4	1	1277-8-0	82-4-0	Three persons are still under trial.

14. Appendices V, VI and VII furnish the full details. Result of the stolen property recovered is not satisfactory and the attention of the Head of the Police is particularly drawn to this.

15. There were no serious offences such as dacoity, murder &c. nor any opium or salt smuggling ones committed during the year. There was one case of accidental death. No case of suicide. There were two cases of fire, which caused a damage of about Rs 2515. Both these cases were by fire of Railway Engine. In the first case a Darbari Bid of 1000 Ganjis worth about Rs 2500 was swallowed up.

16. **Village Police**—Total number of village police is 35. Almost all of them are on service tenure. Their work is on the whole good.

17. **Criminal Justice.**—The following table shows the various subordinate Criminal Courts and the work performed by each of them.

Courts.	1908-09			1909-10		
	No. of cases registered.	No. of cases decided.	No. of cases undecided.	No. of cases registered.	No. of cases decided.	No. of cases undecided.
Sir Nyayadhish.	...	...	...	...	...	...
Nyayadhish.	7	9	...	15	14	1

18. Appendix VIII gives details in full. There is neither increase nor decrease in the number of Criminal Courts. Appendix IX hereto appended is blank there being no criminal appeal during the year under report.

19. **Civil Justice**—There are two Civil Courts of the original jurisdiction, one of the Sir Nyayadhish and the other of the Nyayadhish. The Nyayadhish hears suits valuing up to Rs 2000 and the Sir Nyayadhish has full jurisdiction. There was neither increase nor decrease in the number of Courts during the year. There were no civil suits and execution applications filed during the year as will be seen from Appendices X and XI, the chief reason being that the population is mostly composed of the agricultural class

most of which borrow money either as Tagavi from the State or from Banias under the guarrantee of the State.

20. No Civil appeal was preferred during the year under report and hence Appendix XII is blank.

21. **Extradition**—During the year there were five accused persons demanded by this State of which four are duly surrendered and one is not yet arrested. There was a demand of one person on this State and he is duly handed over. No want of reciprocity was experienced during the year.

22. **Prisons**—The Jail has a strong building situated on the gate way in front of the Court House in Patdi. The maximum number of prisoners in the Jail dnring the year was 8 (4 last year's balance + 4 newly admitted) this year as against 7 (4 last year's balance + 3 newly admitted) during the previous year, the average daily attendance being 4·19 this year as against 4.05 in the previous year. Health and general conduct of the prisoners were good.

23. **Registration.**—Documents registered during the year were 3 in number of the aggregate value of Rs. 2400-0-0 as against 6 in number of the aggregate value of Rs. 2725-0-0 in the previous year. Appendices XIV and XV furnish informations in details.

24. **Municipal Administration**—Although Patdi, the Capital town is situated in the Zilla Mahal of the State, still works of public utility are attended to and maintained and though the Kathiawad Mahal comprises a few small villages, due attention is paid to village sanitation. There being no Municipality, Appendix XVI hereto attacted is blank.

CHAPTER IV.

25. **Production and Distribution**—The total amount of rain fall during the year under report was 19.95 as against 17.87 in the preceding year and against 24.25 of the last five years' average (*Vide* Appendix XVII.) The total amount of rain fall was nearly normal. It was however rather late and insufficient in the month of June and it rained continuously in the mounth of July and hence the cultivators found much difficulty in the sowing operations and cosequently the out turn of Agtar crops came up to about 8 annas. However a good fall in September kept up to some extent the moisture required for the Pachhtar crops such as wheat, cotton &c. and their outturns in consequence were about 12 annas. Frost had slightly damaged these crops. The area under cotton crop this year was 7395 acres against 7274 in the privious year and that under wheat was 739 acres

against 225 acres in the preceeding year. There appeared no swarms of locusts. There was niether any epidemic nor epizootic disease during the year.

26. The temperature was at 109 degrees raised the highest and 45 depressed the lowest as against 108 degrees raised highest and 44 degrees depressed the lowest in the previous year.

27. Labour is becoming dear and rates of wages growing higher and higher year by year. The maximum rate was 7 annas for one man per diem. Appendix XVIII hereto attached will show the prices current for the staple food &c. as compared with those of the previous year. The rates were steady till the end of September 1909 and thence they began to fall gradually till February 1910. Since then they are again on rise.

28. There is no forest in this territory. All possible means are adopted in rearing and preserving nimb trees, &c. Not only due care of the trees, planted in memory of the coronation occasion is taken but a good deal is added every year to their number.

29. The villages under Kathiawad Mahal being small, no trade of interest is carried on as also no manufacture of any importance. The third ginning factory which was last year under construction is put into work this cold season. One cotton steam press is also constructed. Thus the capital town Patdi has the fortune of having three ginning factories and one cotton press. Want of a cotton press was keenly felt here and there was call for it all round about; because without a means to make 'Paka' bales of cotton, merchants of Bombay and other distant places, could not buy cotton here and hence it was bought by local and Ahmedabad merchants only. Rates in consequence were kept lower and some times, cotton could not be disposed of without much inconvenience. Further all these in the last turn put the cultivators in the loss. The cotton press therefore is likely to be a boon to the merchants and cultivators.

30. Public works this year chiefly consisted of construction and extension of buildings and repairs to the embankments of tanks channels &c. and the total expenditure on that account amounted to Rs. 4552-1-5 (*vide* Appendix XIX).

31. As the Kathiawar Mahal consists of a few small villages there is neither any Post Office nor any Mint in it. There is one combined Post and Telegraph Office at the Capital Town Patdi.

32. The general condition of the State and the people is on the whole good. By the grace of the Almighty the State is free from indebtedness. Appendix XX hereto attached gives an idea of the agricultural stock which is both efficient and sufficient. Happily there was no out-break of epidemics such as Plague, Cholera &c. Malarial fever was not whement during the year. Results of both births and deaths are gratifying. There is increase in births and decrease in deaths.

33. There is one Opium shop and no Tari, Liquor and Ganja shop. Appendix XXI furnishes informations in details.

CHAPTER V.

34. **Revenue and Finance**—The gross revenue of the Kathiawar Mahal of the State for the year ending by the last Divali came to Rs. 23583-2-2 as against Rs. 26859-13-11 in the previous year. The decrease is due to the last financial year being less favourable as shown in the last years. Expenditure concerning the Kathiawad Mahal is inseparable. It however approximately counting, amounted to about Rs. 28645-6-10.

35. As stated in para 33 supra the State is not undebted.

CHAPTER VI.

36. **Vital Statistics &c.**—There is one dispensary at Patdi. The following table briefly shows the working of the dispensary and the amount of expenditure incurred on that account. *Vide* also Appendix XXIII for further details.

Year.	In-door patients.	Out-door patients	Expenditure.
1908-09	2	2371	757-1-11
1909-10	3	1901	785-5-6

37. The vaccination department is under the charge of the Kathiawad Agency Surgeon. The following tabular statement shows the number of children who were put to the advantage of vaccination and the cost on that account during the year as compared with those of the previous year.

Year.	Principal vaccination.	Re-vaccination.	Successfully vaccinated.	Unsuccessfully vaccinated.	Expenditure.
1908-09	75	...	75	...	25-10-7
1909-10	83	6	89	...	50-10-0

38. The total number of births during the year was 107 against 100 in the previous year while that of deaths was 60 as against 87 in the preceding year (*vide* Appendix XXIV). These show, I am glad to note, an increase in births and decrease in deaths. The accuracy of the registration of births and deaths is ensured through the village officials. No separate establishment is entertained for the purpose.

39. There was no out-break of plague during the year.

CHAPTER VII.

40. **Education**—There are five male and one female Gujarati Schools in the Zilla Mahal. There is also one Anglo Vernacular School at Patdi. Though the Kathiawad Mahal comprises a few small villages, one Gujarati School is yet maintained wherein instruction is imparted up to Standard VI. This is under the supervision of the Kathiawar Educational Department. The daily average attendance of the boys was 14.4 as against 13.8 in the preceding year. The Costs on this account amounted to Rs 295-9-10 as against Rs 183-11-0 in the previous year. Appendix XXV appended herewith furnishes informations in details.

41. **Miscellaneous.**—There is no printing press in this territory. There is one library at Patdi.

42. In conclusion it gives me pleasure to observe that prices of cotton have risen this year high which will substantially benefit the State and its agricultural subject.

Dated 17th April 1910

Patdi.

Chief Kamdar, Patdi State.

APPENDIX I.

Names of high officials in the Patdi State and Residency officials showing changes in personal during the year 1909—10.

Name of Officer.	Appointment.	Period.		Remarks
		From	To	
Maganlal Ranchhoddas Patel.	Chief Kamdar.	All throughout the year.		
Maneklal Chimanlal Patel.	Deputy Kamdar Sir Nyayadhish President of the Bhayati Court.

LIBRARY OF THE BOMBAY BRANCH OF THE ROYAL ASIATIC SOCIETY

PATDI

ANNUAL ADMINISTRATION REPORT.

FOR 1910-11.

This report chiefly concerns the Kathiawad Mahal of the State for the year ending by the 31st March 1911.

CHAPTER I.

General and Political.

2. This State ranks in the 4th Class and comprises an area of about 165 square miles and a population of 15196 souls, out of which, the Kathiawad Mahal has an area of 39·4 square miles and a population of 2384 souls according to the census of 1911 A. D. Gross--revenue (Based on the average of the past five years) of the Kathiawad Mahal is 28768--10--3.

3. The annual amount of Peshkashi is settled at, besides Rs. 3005--3--11 annually payable in the Dasada Thana, Rs. 5235 payable to the Kathiawad Treasury, from which Rs. 2015--12--0 are permanently deducted on account of compensation for Savda and Khakharla lands taken up for the Salt Department, leaving a balance of Rs. 3219--4--0.

4. Shri Surajmalji Jorawarsingji the present Ruling Chief is aged 63 years and is a Kadwa Patidar by caste. Kumarshri Dolatsinhji is the only natural heir, who has studied at Rajkot Rajkumar College and who now assists the Chief to a great extent in the administration.

5. There were neither any marriage celebrations nor any domestic occurrences of interest during the year under report. The Cotton Press referred to in the last year's report was completed in April 1910 and Mr. Coghill the worthy Political Agent, Jhalawad Prant, was very kind to come down here and put it to work. He had encamped at Patdi during his district tour in December last and was then also good enough to open a Guest House which has been built for European guests.

6. The Chief Kamdar and other high State-officers have, as shown in Appendix I, been the same as those in the previous year. All have performed their duties satisfactorily.

134925

CHAPTER II.

Administration of the Land.

7. The Revenue system of the Bhag batai is prevailing in this State as heretofore. There was no special reason occasioned to make any alteration in the system in vogue.

8. About 25 acres of waste land was taken up for cultivation during the year under report, There were niether any alienations nor any boundary disputes. Tagavi advances to cultivators amounted to Rs. 7010-12-5 during the year.

9. The rise in the price of agricultural products, especially of Cotton has to some extent, antiacted the effects of the exorbitant rates of labour and given a fresh stimulus to agricultural occupation.

CHAPTER III.

Protection.

10. **Legislation.**—Appendix II hereto attached will give an idea of the laws and rules inforce in the State.

11. **Military Force.**—No regular military force is maintained and hence Appendix III. hereto attached is blank.

12. **Police.**—Appendix IV gives a full description of the Police Force. Briefly, its strength consists of 4 rank and 25 file, of which, 8 are mounted. They are armed with muzzle loaded guns and swords. The strength is the same as in the last year. It is both fully sufficient and efficient. Its ratio to population and area is 1 to 524 souls and 5·69 square miles respectively. The cost of its maintenance comes approximately to Rs. 1250.

13. The following statistics will show the working of the Police.

Year.	No. of offences committed.	No. of persons arrested.	No. of persons committed	No. of persons convicted.	Amount of property stolen	Amount of stolen property recovered.	
1909—10	4	4	4	1	1277-8-0	82-4-0	
1910—11	2	1	1	4	166-8-0	19-0-0	Of these three were awaiting trial at the end of the last year.

14. Appendices V, VI and VII furnish full details.

15. There were no serious offences such as dacoity, murder &c. nor of any opium or salt smuggling during the year. There were neither any cases of accidental deaths nor of suicides.

16. **Village Police.**—Total number of village police is 35. Almost all of them are on service tenure. Their work is on the whole good.

17. **Criminal Justice.**—There are two subordinate Criminal Courts, one of Sir Nyayadhish and the other of Nyayadhish. The Nyayadhish exercises the powers of the First Class Magistrate and the Sir Nyayadish has full jurisdiction. There is neither any increase nor decrease in the number of Criminal Courts during the year. The following table shows the work done by each of them.

Courts.	1909–10			1910–11		
	No. of cases registered.	No. of cases decided.	No. of cases undecided.	No. of cases registered.	No. of cases decided.	No. of cases undecided.
Sir Nyayadhish	...	...	...	...	...	...
Nyayadhish	15	14	1	4	5	...

18. Appendix VIII gives details in full. There were two criminal appeals during the year, in both of which sentences awarded by the lower Court were modified to some extent (*Vide* Appendix IX.)

19. **Civil Justice.**—There are two Civil Courts of the original Jurisdiction one of the Sir Nyayadhish and the other of the Nyayadhish. The Nyayadhish hears suits valuing upto Rs. 2000/. and the Sir Nyayadhish has full Jurisdiction. There was neither increase nor decrease in the number of Courts during the year. There were five civil suits all relating to money transactions. They all were filed in the end of March 1911 and hence are outstanding (*Vide* Appendix X). There were neither any execution applications nor any civil appeals during the year as will be seen from Appendices XI and XII.

20. **Extradition**—During the year there was one extradition case and the accused in that case was duly surrendered to the State and no extradition demand on the State. One accused a subject under Dasada Thana, referred to in the last report as not arrested, is still at large.

21. **Prisons**—The Jail has a strong building situated on the gate way in front of the Court House in Patdi. The maximum number of prisoners, in the Jail during the year was 10 (5 last year's balance+5 newly admitted this year) as against 8 (4 last year's balance+4 newly admitted) during the preceding year. The average daily attendance being 0·83 this year as against 4·19 in the previous year (*Vide* Appendix XIII). Health and general conduct of the prisoners were good.

22. **Registration**--The documents registered during the year were 7 of the aggregate value of Rs 4970/. as against 3 of the aggregate value of Rs 2400/. in the previous year. Appendices XIV and XV furnish full details.

23. **Municipal Administration**—Although Patdi the capital town is situated in the Zilla Mahal of the State, still works of public utility are attended to and maintained and though the Kathiawar Mahal comprises a few small villages, due attention is paid to village sanitation. There being no Municipality, appendix XVI is blank.

CHAPTER IV.

Production and Distribution.

24. The total amount of rainfall during the year under report was 18·14 as against 19·95 in the previous year and against 18·76 of the last five year's average (*Vide* appendix XVII.) The total amount of rainfall was nearly normal but was ill distributed. It was rather deficient in the beginning of the season and nearly disappeared in the month of September, as a result of which, outturn of Agtar crops was only from 8 to 10 annas and that of cotton about 10 annas and there was no area under wheat crop. In the month of September, standing crops, and especially cotton crop much felt the want of one or two good rains. A shower of 56 cents in September and the subsequent favourable climatic condition however improved the prospects greatly and had it not been damaged by the severe and unprecedented frost, which extended throughout the whole of Gujarat, in the first week of February, the outturn of cotton crop would have been two annas more. The damage however by the frost was not so severe here as it was elsewhere because most of the cotton crop was not tender but was too ripe to be affected. The area under cotton was 8950 acres this year as against 7395 acres in the last year. There appeared no swarms of locusts. There was niether any epidemic nor any epizootic disease in the year.

25. The temperature was 108 degrees raised the highest and 44 depressed the lowest as against 109 degrees raised the highest and 45 depressed the lowest in the previous year.

26. Labour is becoming dear and the rates of wages growing higher and higher year by year. The maximum rate was, 8 annas for one man per diem. Appendix XVIII hereto attached will show the prices current for the staple food &c. as compared with those of the previous year. The prices of staple food are a little less than those of the past year and have remained nearly stationary.

27. There is no forest in this territory. All possible means are adopted in rearing and preserving nimb trees &c. Not only due care of the trees planted in memory of the Coronation occasion is taken, but a good deal is added every year to their number.

28. The villages under the Kathiawad Mahal being small, no trade of interest is carried on as also no manufactures of any importance. At the Capital town—Patdi there are three ginning factories and one cotton steam press. The advantages of a cotton press, anticipated, in the last report, happen to be realized to some extent, though this is its second season only. Business and activity appear to have been increased. For agency business three shops are newly opened by outsider merchants.

29. The Public works this year chiefly consisted of construction, extention, and repairs of buildings and the total amount of expenditure on that account amounted to Rs. 4227-1-2 (Vide appendix XIX).

30. As the Kathiawad Mahal consists of a few small villages there is neither any Post Office nor any Mint in it. There is one combined Post and Telegraph Office at the Capital Town Patdi.

31. The general condition of the State and the people is on the whole good. By the grace of the Almighty the State is free from indebtedness. Though the irregularities of monsoons and climate greatly tell upon the outturn of crops and though the agricultural labour is becoming dear, yet the rise in the price of Cotton has been leading to the material prosperity. Appendix XX hereto attached gives an idea of the agricultural stock which is both efficient and sufficient. There was no out-break of epidemics such as plague, cholera &c. Malarious fever was also not vehement during the year. Results of both births and deaths are satisfactory. As there are no Tari, Liquor and ganja shops, people are less addicted to them. There is only one opium shop. Appendix XXI furnishes information in details in this respect.

CHAPTER V.

32. **Revenue and Finance.**—The gross revenue of the Kathiawad Mahal for the year ending by the last Divali came to Rs. 39218-14-2 as against Rs. 23583-2-2 in the previous year. The increase being greatly due to a higher price of cotton in the last financial year as mentioned in the last year's report. Expenditure concerning the Kathiawad Mahal is inseparable. It however approximately counting amounted to Rs. 36779-0-2.

33. As stated in para 31 supra the State is not indebted.

CHAPTER VI.

34. **Vital Stastics &c.**—There is one dispensary at Patdi. The following table briefly shows the working of the dispensary and the amount of expenditure incurred on that account. *Vide* also Appendix XXIII for further details.

Year.	In-door patients.	Out-door patients.	Expenditure.
1909—10	3	1901	785-5-6
1910—11	2	2285	963-9-5

35. The vaccination department is under the charge of the Kathiawad Agency Surgeon. The following tabular statement shows the number of children who were put to the advantage of vaccination, and the cost on that account during the year as compared with those of the previous year.

Year.	Primary vaccination.	Revaccination.	Successfully vaccinated.	Un-successfully vaccinated.	Expenditure.
1909—10	83	6	89	...	50-10-0
1910—11	81	0	81	...	20-15-0

36. The total number of births during the year was 100 against 107 in the previous year while that of deaths was 64 as against 60 in the pre-

ceding year. (*Vide* Appendix XXIV.) The accuracy of the registration of births and deaths is ensured through the village officials. No separate establishment is entertained for the purpose.

37. During the year under report Imperial Census of the whole of India was taken and the population of the Kathiawad Mahal of this State is returned at 2384 souls as against 2190 of the previous Census. It is gratifying to note that this shows an increase of 194 souls or of 9 P. C. The increase however is not so great as was expected.

38. There was no out-break of plague during the year.

CHAPTER VII.

39. **Education.**—There are five male and one female Gujarati Schools in the Zilla Mahal. There is also one Anglo Veracular School at Patdi. Though the Kathiawar Mahal comprises a few small villages one Gujarati School is yet maintained wherein instruction is imparted up to Standard VI. This is under the supervision of the Kathiawad Agency Educational Department. The daily average attendance of the boys was 14·3 as against 14·4 in the preceding year. The cost on this account amounted to Rs. 193–9–0 as against Rs. 295–9–10 in the previous year. Appendix XXV hereto attached furnishes information in details.

40. **Miscellaneous.**—There is no Printing Press in the territory. There is one Library at Patdi.

Dated
April 1911.
Patdi.

Chief Kamdar,
Patdi State.

PATDI

ANNUAL ADMINISTRATION REPORT.

FOR 1911-12.

This report chiefly concerns the Kathiawad Mahal of the State for the year ending by the 31st March 1912.

CHAPTER I.

General and Political.

2. This State ranks in the 4th class and comprises an area of about 165 square miles and a population of 15196 souls, out of which, the Kathiawad Mahal has an area of 39·4 square miles and a population of 2384 souls according to the Census of 1911 A. D. Gross revenue (Based on the average of the past five years) of the Kathiawad Mahal is Rs 31689–7–11.

3. The annual amount of Pesh Kashi is settled at, besides Rs 3005–3–11 annually payable in the Dasada Thana, Rs 5235/- payable to the Kathiawad Treasury, from which Rs 2015–12–0 are permanently deducted on account of compensation for Savda and Khakharla lands taken up for the Salt Department, leaving a balance of Rs 3219–4–0.

4. Shri Surajmalji Jorawarsingji the present Ruling Chief is aged 64 years and is a Kadwa Patidar by caste. Kumarshri Dolatsingji is the only natural heir, who has studied at Rajkot Rajkumar College and who now assists the Chief to a great extent in the administration.

5. In May last there were celebrations of second marriage of Kumar Shri Dolatsingji. There were also two saddest occurences during the year the most lamentable deaths of two of the Chief's daughters in their prime of youth, one in her 17th. year in August and the other in her 26th. in March. There were no camps of Agency Officers during the year except three flying visits paid by the Prant Officer Major W. M. P. Wood, once in company of Mr. C. H. A. Hill the Agent to the Governor Kathiawad and twice alone while on their tours to Dasada and Jhinzoowada in order to ascertain the famine conditions.

6. The Chief Kamdar and other high State Officers have, as shown in Appendix I, been the same as those in the Previous year. All have performed their duties satisfactorily.

CHAPTER II.

Administration of the Land.

7. The Revenue System of the Bhag Batai is prevailing in this State as heretofore. There was no special reason occasioned to make any alteration in the system in vogue.

8. No waste land was taken up under cultivation owing to the total failure of the monsoons during the year. There were neither any alienations nor any boundary disputes. Tagavi advances to cultivators till the last Divali, by which the financial year ends, amounted to Rs 6814-13-7. Further advances also, in the shape of seeds kos, grass etc. and for wells, were made. Total suspension of revenue is also granted.

CHAPTER III.

Protection.

9. **Legislation.**—Appendix II. hereto attached will give an idea of the Laws and Rules in force in the State.

10. **Military Force.**—No Regular military force is maintained and hence appendix III. hereto attached is blank.

11. **Police.**—Appendix IV gives a full description of the Police force. Briefly its strength consists of 4 rank and 26 file, of which, 9 are mounted. They are armed with muzzle loaded guns and swords. The strength is nearly the same in the last year except that one mounted police man has been added to it, during the year. It is both fully sufficient and efficient. Its ratio to population and area is 1 to 506 souls and 5·5 miles respectively. The cost of its maintenance comes approximately to Rs 1250/.

12. The following statistics will show the working of the Police.

Year.	No. of offences committed.	No. of persons arrested.	No. of persons committed.	No. of persons convicted.	Amount of property stolen.	Amount of stolen property recovered.
1910-11	2	1	1	4	166 8-0	19-0-0
1911-12	0	0	0	0	0	0

13. Appendices V. VI. and VII. furnish full details.

14. There were no serious offences committed during the year. There were neither any cases of accidental deaths nor of suicides. The preventive measures of the Police during this year of famine is commendable.

15. **Village Police.**—Total number of village Police is 55. Almost all of them are on service tenure. Their work also is very satisfactory.

16. **Criminal Justice.**—There are two subordinate Criminal Courts, one of Sir Nyayadhish and the other of Nyayadhish. The Nyayadhish exercises the powers of the First Class Magistrate and the Sir Nyayadhish has full Jurisdiction. There is neither any increase nor decrease in the number of Criminal Courts during the year. The following table shows the work done by each of them.

Courts.	1910–11.			1911–12.		
	No. of cases registered.	No. of cases decided.	No. of cases undecided.	No. of cases registered.	No. of cases decided.	No. of cases undecided.
Sir Nyayadhish.	0	0	0	0	0	0
Nyayadhish.	4	5	0	6	4	2

17. Appendix VIII gives details in full. There were no criminal appeals during the year. (Vide appendix IX).

18. **Civil Justice.**—There are two Civil Courts of the original jurisdiction one of the Sir Nyayadhish and the other of the Nyayadhish. The Nyayadhish hears suits valuing upto Rs 2000/. and the Sir Nyayadhish has full jurisdiction. There was neither increase nor decrease in the number of courts during the year. There were no suits filed during the year. Of the five suits filed in the end of March 1911, one is disposed of during the current year and the rest are pending on account of famine conditions prevailing during the year. (Vide appendix X). There were neither any execution applications nor any civil appeals during the year as will be seen from appendices XI. & XII.

19. **Extradition.**—During the year there were two extradition cases, one of which is decided and the other is pending the arrival of the accused

from Baroda State. There was no extradition demand on the State. One accused a subject of Dasada Thana, referred to in the last year's report, is not as yet surrendered.

20. **Prisons.**—The Jail has a strong building situated on the gate way in front of the Court House in Patdi. The maximum number of prisoners in the Jail during the year was 5 (All admitted during the year) as against 10 (5 last year's balance 5 newly admitted) during the preceding year; the average daily attendance being 0·13 during the year under report as against 0·83 in the previous year (Vide appendix XIII). Health and general conduct of the prisoners were good.

21. **Registration.**—The documents registered during the year were 16 of the aggregate value of Rs. 10604–11–0 as against 7 of the aggregate value of Rs. 4970/- in the previous year. Appendix XIV and XV furnish full details.

22. **Municipal Administration.**—Although Patdi the Capital town, is situated in the Zillah Mahal of the State, still works of public utility are attended to and maintained and though the Kathiawad Mahal comprises a few small villages, due attention is paid to village sanitation. There being no municipality, appendix XVI is blank.

CHAPTER IV.

Production and Distribution.

23. The total amount of rainfall during the year under report was 2·64 inches as against 18·14 in the previous year and against 16·55 of the last five years' average (Vide appendix XVII).

Thus there was a total failure of the monsoons and a general drought in the whole of Kathiawad, Gujarat and Cutch, as a result of which there was the entire failure of all crops. In the month of June there being 2·1 inches of rains the cultivators had sown about 425 acres of land with cotton, 3055 acres with Jowari, and 562 acres of land with Bajri. But the subsequent failure of monsoons entirely dried up these crops. Cultivators remained waiting in hopes to receive rains till the end of September; But they were completely deceived in their hopes, when they thought of attempting for well-irrigation where it was possible to get good water. As sweet water wells are scarce here they could only with difficulty irrigate about 62 acres of jowari, 25 acres of wheat and 75 acres of Barley, with the result that the outturn of these crops was less than 5 annas. There was deficiency in fodder in the previous year and the failure of monsoon, this year, produced a little of it. Hence the

cattle question became a difficult problem. To send cattle to pasture places appeared at first to be an economical way. Agents were sent in Rajpipla, Thana, Poona, Rajputana and Central-provinces to see pasture places and obtain permissions but without success. Moreover the people were disinclined to send thier cattle on the ground that the climate will not be agreeable. Attempts were, therefore, in this direction were left off and it was for the better because the experience was very bitter to our neighbours, who sent cattle. Climate was very disagreeable to both men and cattle. Some of the cattle died and others had to be sent back in a month or so. Hence the cattle here had to be maintained by importing fodder here. The magnanimous help of the government of India in bearing 3/4 of the Railway fare was very valuable. It proved a great boon, not-with-standing the fact that the mercantile class took a greater advantage therefrom. Mr. Rendall the late administrator of Junagadh, by organizing Gir fodder supply and offering it at a moderate price, helped greatly to Kathiawad. Local Authorities were also, kind enough to give every assistance in their power. However to face the natural calamities is very difficult and the following comparative statement will show its effects on cattle stock.

Year.	Bullocks.	Cows.	Buffaloes.
1910-11	710	417	555
1911-12	575	419	415

People suffered to some extent on account of Railway Authorities being not able to supply necessary wagons. As for people, the famine has not proved so severe. They had been able to make savings in the past as prices of cotton, and the rates of labour had been higher for the last three or four years. The prices of staple food grains did not go so high (Vide appendix XVIII) on account of Railway communications. Rates of wages are still higher than those of famine code. Thus there is yet no call for relief works. The needy have been helped either by Tagavi or free help. It is proposed to start one or two ordinary works as it is still not likely that people will attend works of famine rates.

24. There appeared no swarms of locusts. There was neither any epidemic nor epizootic disease in the year.

25. The temperature was 108 degrees raised the highest and 45 depressed the lowest as against 108 degrees raised the highest and 44 depressed the lowest.

26. There is no forest in the territory. All possible means are adopted in rearing and preserving nimb trees etc. Not only due care of the trees planted in memory of the coronation occasion is taken, but a good deal is added every year to their number. This year several trees, owing to want of moisture in the soil, have died away.

27. The villages under the Kathiawad Mahal being small, no trade of interest is carried on as also no manufactures of any importance. At the capital town Patdi there are three ginning factories and one cotton steam press. The year of drought has told upon them also. However about 2996 khandis of Cotton-in-seeds was ginned and about 2100 bales of cotton were pressed.

28. The Public works during the year consisted of construction and repairs of wells and water troughs and construction, extention and repairs of buildings. The total amount of expenditure on that account amounted to Rs 3931-13-6 (Vide appendix XIX).

29. As the Kathiawad Mahal consists of a few small villages there is neither any Post-Office nor any Mint in it. There is one combined Post and Telegraph Office at the Capital town Patdi.

30. There was no out-break of epidemic such as plague, cholera etc. Malarious fever was also not vehement during the year. Results of both births and deaths are most satisfactory. As there are no Tari, Liquor and Ganja shops, people are less addicted to them. There is only one Opium shop. Appendix XXI furnishes information in Details.

CHAPTER V.

Revenue and Finance.

31. The Gross revenue of the Kathiawad Mahal for the year ending by the last Diwali came to Rs 43831-11-9 as against Rs 39218-14-2 in the previous year. The increase is mainly due to a high price of cotton in the last financial year. Expenditure concerning the Kathiawad Mahal is inseparable. It however approximately counting amounted to Rs 33369-3-1. Appendix XXII furnishes full details.

32. By the grace of the Almighty the State is still saved from indebtedness.

CHAPTER VI.

33. **Vital Statistics etc.**—There is one dispensary at Patdi. The following table briefly shows the working of the dispensary and the amount of expenditure incurred on that account. (Vide also appendix XXIII for further details.

Year.	Indoor patients.	Out-door patients.	Expenditure.
1910-11	2	2285	963—9-5
1911-12	3	1925	723-10-0

34. The vaccination department is under the charge of the Kathiawar Agency Surgeon. The following tabular statement shows the number of children who were put to the advantage of vaccination and the cost on that account during the year as compared with those of the previous year.

Year.	Primary vaccination.	Re-vaccination.	Successfully vaccinated.	Unsuccessfully vaccinated.	Expenditure.
1910-11	81	0	81	0	20-15-0
1911-12	73	2	75	0	22-8-9

35. The total number of births during the year was 141 against 100 in the previous year while that of deaths was 53 as against 60 in the preceding year (Vide Appendix XXIV). The accuracy of the registration of births and deaths is ensured through the village officials. No separate establishment is entertained for the purpose.

36. There was no out-break of plague during the year.

CHAPTER VII.

37. **Education.**—There are five male and one female Gujarati schools in the Zillah Mahal. There is also one Anglo Vernacular school at Patdi. Though the Kathiawad Mahal comprises a few small villages one Gujarati school is yet maintained where instruction is imparted upto standard VI. This is under the supervision of the Kathiawar Agency Educational Department. The daily average attendance of the boys was 14·9 as against 14·3 in the preceding year. The cost on this account amounted to Rs. 194–2–1 as against Rs. 193–9–0 in the previous year. Appendix XXV hereto attached, furnishes information in details.

38. **Miscellaneous.**—There is no printing press in the territory. There is one library at Patdi.

PATDI,
Dated 9th April 1912.

Chief Kamdar, Patdi State.

APPENDIX I.

Names of high officials in the Patdi State and Residency officials showing changes in personnel during the year 1911-12.

PATDI

ANNUAL ADMINISTRATION REPORT.

For 1912-13.

This report chiefly concerns the Kathiawad Mahal of the State for the year ending by the 31st March 1913.

CHAPTER I.

General and Political.

2. This State ranks in the 4th class and comprises an area of about 165 square miles and population of 15,196 souls, out of which, the Kathiawad Mahal has an area of 39·4 square miles and population of 2,384 souls according to the Census of 1911. A. D. Gross revenue (Based on the average of the past five years) of the Kathiawad Mahal is Rs 27,023-4-8.

3. The annual amount of Pesh-Kashi is settled at besides Rs 3,005-3-11 annually payable in the Dasada Thana, Rs 5,235 payable to the Kathiawad Treasury, from which Rs 2,015-12-0 are permanently deducted on account of compensation for Savda and Khakharla lands taken up for the Salt Department, leaving a balance of Rs 3,219-4-0.

4. Shri Surajmalji the present Ruling Chief is aged 65 years and is a Kadwa Patidar by caste. Kumarshri Dolatsinhji is the only natural heir, who has studied at Rajkot Rajkumar College and who now assists the Chief to a great extent in the administration.

5. Major C. F. Harold the Political Agent Jhalawad Prant, J. Sladen Esquire B. A. (Oxon) I. C. S., the agent to the Governor, Kathiawad and T. J. B Thatcher Esquire the Superintendent of Police Kathiawad Agency were good enough to encamp at Patdi during the year under report.

6. The Chief Kamdar and Deputy Kamdar have been the same. Desai Hirsinhji Chandarsinhji having resigned on the 19th September 1912 his post as a Nyayadhish and Registrar, Mr. Jhinabhai Maganlal was appointed on these posts and Mr Acharatlal Jeykrishna to that of the Chief Police Officer (Vide appendix I). All have performed their duties satisfactorily.

CHAPTER II.

Administration of the Land.

7. The Revenue System of Bhag Batai is prevailing in this State as here-to-fore. There was no special reason occasioned to make any alteration in the system in vogue.

8. No waste land was taken up under cultivation during the year. There were neither any alienations nor any boundary disputes. Tagavi advances given for grass, seeds, bullocks and maintenance till the last Diwali, by which the financial year ends, amounted to Rs. 10,777-6-6. Expense in giving doles to the poor amounted to about Rs. 325.

CHAPTER III.

Protection.

9. **Legislation**—Appendix II here to attached will give an idea of the Laws and Rules in force in the State.

10 **Military Force.**—No regular military force is maintained and hence appendix III hereto attached is blank.

11. **Police.**—Appendix IV gives a full description of the Police force. Briefly its strength consists of 4 rank and 26 file, of which 9 are mounted. They are armed with muzzle loaded guns and swords. It is both fully sufficient and efficient. Its ratio to population and area is 1 to 506 souls and 5·5 miles respectively. The cost of its maintenance comes approximately to Rs. 1,250/.

12. The following statistics will show the working of the Police.

Year.	No. of offences committed.	No. of persons arrested.	No. of persons committed.	No. of persons convicted.	No. of persons pending trial.	Amount of property stolen.	Amount of stolen property recovered.
1911–12	0	0	0	0	0	0	0
1912–13	11	9	9	5	2	479-4-3	454-3-0

13. Appendices V, VI and VII furnish full details.

14. There were neither any case of robbery nor any case of decoity committed during the year. There was one murder case. There were two cases of accidental deaths, one by a sun-stroke and the other by drowning in a well. There was no case of suicide.

15. **Village Police.**—Total number of Village Police is 35. Almost all of them are on service tenure. Their work is on the whole very satisfactory.

16.—**Criminal Justice.**—There are two subordinate Criminal Courts, one of Sir Nyayadhish and the other of Nyayadhish. The Nyayadhish exercises the powers of the First Class Magistrate and the Sir Nyayadhish has full Jurisdiction. There is neither any increase nor decrease in the number of Criminal Courts during the year. The following table will show the work done by each of them.

Courts.	1911-12.			1912-13.		
	No. of cases registered.	No. of cases decided.	No. of cases undecided.	No. of cases registered.	No. of cases decided.	No. of cases undecided.
Sir Nyayadhish.	0	0	0	0	0	0
Nyayadhish.	6	4	2	12	12	2

17. Appendix VIII gives details in full. There was one criminal appeal during the year in which the decision of the lower court was confirmed. (Vide appendix IX.)

18. **Civil Justice.**—There are two Civil Courts of the original Jurisdiction one of the Sir Nyayadhish and the other of the Nyayadhish. The Nyayadhish hears suits valuing up to Rs 2,000/ and the Sir Nyayadhish has full Jurisdiction. There was neither increase nor decrease in the number of Courts during the year. There were no suits filed during the year. Four suits pending at the end of the last year were disposed of during the year under report (Vide appendix X). There were neither any execution applications nor any civil appeal during the year as will be seen from appendices XI and XII.

19. **Extradition.**—During the year there were three demands by the State and one on the State. The demand against Dasada Thana made in the year 1909–10 and referred to in the last year's report is yet uncomplied with.

20. **Prisons.**—The Jail has a strong building situated on the gate way in front of the Court-House in Patdi. The maximum number of prisioners in the Jail during the year was 6 (All admitted during the year) as against 5 (all admitted during the last year) during the preceding year; the average daily attendance being 0·89 during the year under report as against 0·13 in the previous year (Vide appendix XIII). Health and general conduct of prisoners were good. One of the prisoners sentenced to 12 months regorous imprisonment on 1–11–12 was suffering from Spermatorrhoea. He was under medical treatment for a month but he having been reported to be getting worse day by day and the opinion of the Medical Officer being that he was not very likely to cure and that his release from prison may give him relief was, on the recommendation of the Nyayadhish released on 2–2–1913.

21. **Registration.**—The documents registered during the year were 3 of the aggregate value of Rs 800–0–0 as against 16 of the aggregate value of Rs 10,604–11–0 in the previous year. Appendices XIV and XV furnish full details.

22. **Municipal Administration.**—Although Patdi the Capital town is situated in the Zillah Mahal of the State, still works of public utility are attended to and maintained and though the Kathiawad Mahal comprises a few small villages, due attention is paid to village sanitation. There being no municipality, appendix XVI is blank.

CHAPTER IV.

Production and Distribution.

23. The total amount of rainfall during the year under report was 28·70 inches as against 2·64 in the previous year and against 17·46 of the last five years' average (Vide appendix XVII). First three months of the year under report passed under famine conditions. Prospects were improved in July by continuous falls of rain and consequential abundant growth of grass. The period was very critical with respect to cattle. Rates of fodder went higher up and the fodder even at that price was not at times available. State supplied about 5,48,700 lbs of grass at a cost of Rs. 9,773-3-0. Cultivators, of their own accord, imported about 2,37,920

lbs. For the cattle of Rabari and Bharwads, Bombay Central Famine Relief Committee supplied about 2,21,675 lbs. of hay at a cheaper rate and 534 bags of squized cotton seeds gratis and the trustees of the Bhuleshwar Panjra Pole 16,335 lbs. of hay gratis. However, with all these efforts the natural calamity of famine had had its effects to a certain extent as the following figures will show :—

Period.	Bullocks.	Cows.	Buffaloes.
Beginning of the famine.	712	372	682
End of the famine.	580	451	543

June was very trying. The more the rain delayed the more critical was the condition. In expectation of rain, the importation of grass became scantier and the importation of bullocks a dialemma. If the bullocks were imported and the rain delayed bullocks were likely to suffer. If not imported the cultivation was likely to suffer. In such a state of things, a middle way of the slow progress of purchasing bullocks was adopted. There was a rush of demand all at once when there was sufficient rain. This caused a little more expense and delayed a little showing operations. Expenditure in this respect amounted to Rs. 10,102-5-3 and the State is happly to be in the position of being able not only to replace the stock lost, but to add further as the following table will show :—

Period.	Bullocks.	Cows.
Beginning of the famine.	712	372
End of the year under report.	778	521

This famine did not prove much severe for the human beings the reasons being chiefly.

(1) Savings of previous years on account of higher rates of cotton and labour.

(2) There was a demand of labour.

(3) Prices of staple food grains did not go higher on account of importation due to railway communications.

One test work was left open for the needy but not a single person availed of it as the rates of ordinary labour were higher than those of famine code. In the latter part, however dole grains were distributed among the poorer. Expenditure on this account was about Rs 325'. and total attendance 1273. Total expenditure of the famine was about Rs. 56,980–5–4 as detailed below :—

Territory	Digging wells.	Fodder.	Bullocks.	Kos &c.	Seeds.	Maintenance.	Total.
Kathiawad part.	200—0–0	9773–3–0	10102—5–3	308—8 0	5830–14–6	3461—0–0	29675–14–9
Jhilla part.	58–14–9	*818–1–3	15334–6–11	1261—6–0	8046–10–8	1784–15–0	27304—6–7
Total.	258–14–9	10591–4–3	25436–12–2	1569–14–0	13877—9–2	5245–15–0	56980—5–4

* Remark.

Fodder worth about Rs 22,459–6–0 has been taken from Government on Tagavi on Darbar's undertaking of security.

As described above July sat with favourable prospects. There was 3·5 cents of rain in June but not sufficient for sowing. In July it was 15·15 and in August 7·77. However, as it was continuous and abnormal, sowing opeartions were greatly hampered. Seeds sown were more than once lost and the work increased and prolonged. September and October were deficient in rain. There was 1·50 inch of rain in September and 0·85 inch in October. In consequence cultivators were not able to sow up all their lands. About 425 acres of wheat crop were sown and its outturn was 12 annas. Appendix XVIII here to attached shows the prices of staple food grains etc., ruling at the end of the year under report.

24. There appeared no swarms of locusts. There was neither any epidemic nor epizootic disease in the year.

25. The temperature was 116 raised the highest and 45 degrees depressed the lowest as against 108 degrees raised the highest and 45 depressed the lowest in the last year. The heat during the months of May and June was abnormally intense.

Total rainfall was 28·70. It was abnormal but not properly distributed. Crops of Jowari and Bajri hence suffered. Further Khapedis damaged to some extent. Consequently the outturns were poor, 5 annas of Jowari and 7 annas of Bajri. However, the cotton crop has made up the loss. Its outturn is good, about 12 annas and the prices higher say from Rs 3–8–0 to Rs 4–0–0 per maund of Cotton pods.

26. There is no forest in the territory. All possible means are adopted in rearing and preserving nimb trees etc. Not only due care of trees planted in memory of the coronation occasion is taken ~~care of~~ but a good deal is added every year to their number.

27. The villages under the Kathiawad Mahal being small, no trade of interest is carried on as also no manufactures of any importance. At the Capital town Patdi there are three ginning factories and one cotton steam press.

28. The public works during the year consisted of construction and repairs of Bandhs and construction extension and repairs of buildings. The total amount of expenditure on that account amounted to ~~Rs~~ 1,710-11-1. (Vide appendix XIX).

29. As the Kathiawad Mahal consists of a few small villages there is neither any Post Office nor any Mint in it. There is one combined Post and Telegraph Office at the capital town Patdi.

30. There was no out break of epidemic such as plague cholera etc. Malarious fever was vehement during the year and had told much upon the mortality. Result of birth rate was satisfactory but that of death rate was very bad. As there are no Tari, Liquor, and Ganja shops people are less addicted to them. There is only one Opium shop. Appendix XXI furnishes information in details.

CHAPTER V.

Revenue and Finance.

31. The gross revenue of the Kathiawad Mahal for the year ending by the last Diwali came to Rs. 1,622-13-2 as against Rs. 43,831-11-9 in the previous year. The decrease is due to the last year being of a general drought. Expenditure concerning the Kathiawad Mahal is inseparable. It however approximately counting amounted to Rs. 27,924-15-5 as against Rs. 33,369-3-1 in the previous year. The decrease is mainly in the Chief's personal matters which he was so good as to curtail, with a view to respond to famine demands. Appendix XXII furnishes full details.

32. By the grace of the Almighty the State is still saved from indebtedness.

CHAPTER VI.

33. **Vital Statistics etc.**—There is one dispensary at Patdi. The

following table briefly shows the working of the dispensary and the amount of expenditure incurred on that account. Vide also appendix XXIII for further details.

Year.	Indoor patients.	Out-door patients.	Expenditure.
1911 12.	3	1925	723–10–0
1912–13	2	1795	1003- 3–3

34. The vaccination department is under the charge of the Kathiawad Agency Surgeon. The following tabular statement shows the number of children who were put to the advantage of vaccination and the cost on that account during the year as compared with those of the previous year.

Year.	Primary vaccination.	Revaccination.	Successfully vaccinated.	Unsuccessfully vaccinated.	Expenditure.
1911–12	73	2	75	0	22–8–9
1912–13	115	0	115	0	25–13–7

35. The total number of births during the year was 116 as against 141 in the previous year while that of deaths was 149 as against 58 in the preceding year. (Vide appendix XXIV). The accuracy of the births and deaths is ensured through the village officials. No seperate establishment is entertained for the purpose.

36. There was no out break of plague during the year.

CHAPTER VII.

37. **Education.**—There are five male and one female Gujarati schools in the Zillah Mahal. There is also one Anglo-Vernacular school at Patdi. Though the Kathiawar Mahal comprises a few small villages one Gujarati school is yet maintained where instruction is imparted up to standard VI. This is under the supervision of the Kathiawad Agency Educational Depart-

ment. The daily average attendance of the boys was 14·7 as against 14·9 in the preceding year. The cost on this account amounted to Rs 201-14-5 as against Rs 194-2-1 in the previous year. Appendix XXV hereto attached, furnishes information in details.

38. **Micellaneous.**—There is no printing press in the territory. There is one library at Patdi and it has been registered by the Government.

PATDI,
Dated April 1913.

Chief Kamdar,
Patdi State.

APPENDIX I.

Names of high officials in the Patdi State and Residency officials showing changes in personal during the year 1912–13.

Patdi

Annual Administration Report.

For 1913-14.

This report chiefly concerns the Kathiawad Mahal of the State for the year ending by the 31st March 1913.

CHAPTER I.

General and Political.

2. This State ranks in the 4th class and comprises an area of about 165 square miles and population of 15,196 souls, out of which the Kathiawad Mahal has an area of 39·4 square miles and population of 2,384 souls according to the census of 1911, A. D. Gross revenue (based on the average of the past five years) of the Kathiawad Mahal is Rs. 29,620–2–11.

3. The annual amount of Pesh-kashi is settled at besides Rs. 3,005–3–11 annually payable in the Dasada Thana, Rs. 5,235 payable to the Kathiawad Treasury, from which Rs. 2,015–12–0 are permanently deducted on account of compensation for Savda and Khakharla lands taken up for the salt Department, leaving a balance of Rs. 3,219—4—0.

4. During the year under report the state has suffered a heavy and unsustainable loss in the demise of late Darbar Shri Surajmalji, who came to the *Gadi* in 1884, when he was 36 years of age, and to the great sorrow and surprise of all who knew him, passed away on account of heart failure on the 24th July last after a useful and beneficient career of 29 years at the age of 65. On the installation ceremony of the present Darbar Shri Dolatsinhji, Major Harold, the then Political Agent Jhalawar Prant, has most adequately said in his address.

" The late chief has left behind him a splendid record of good and careful administration.

" The State has greatly been benefited by his considerate and tactful

rule. Every department has been improved; dispensaries, have been established, education has been improved, tanks and wells have been dug to improve agriculture and the State has been generally developed in proportion to its potentialities.

"The late chief was justly honoured all over Kathiawar and Gujarat for his kindliness and his open handed liberality and has left behind him many monuments of his benevolence. He was an upright and justly beloved ruler."

5. The investiture ceremony of the present chief, Darbar Shri Dolatsinhji, took place at Patdi on the 5th August last.

6. Darbar Shri Dolatsinhji is aged 32 years and is a Kadva Patidar by caste. He has no issue yet.

7. J. Sladen Esquire, B. A. (oxen) I. C. S. the Agent to the Governor, Kathiawad, and Lt. Colonel J. R. B. G. Carter, Political Agent, Jhalawar Prant, were good enough to encamp at Patdi during the year under report. Major Harold was also good enough to come down here for one day to perform the installation ceremony.

8. The high officers of the State were the same during the year under report except Acharatlal Jeykrishna, the Chief Police Officer, who resigned his post on the 30th August 1913. The post is temporarily filled by Maganlal Nathuram (Vide Appendix I). All have performed their duty satisfactorily.

CHAPTER II.

Administration of the Land.

9. The Revenue system of Bhag Batai is prevailing in this State as here-to-fore. There was no special reason occasioned to make any alteration in the system in vogue.

10. No waste land was taken up under cultivation during the year. There were neither any alterations nor any boundary disputes. Tagavi advances given to cultivators for seeds, bullocks and maintenance till the last Diwali, by which the financial year ends, ammounted to Rs. 21,329—14—7.

CHAPTER III.

Protection.

Legislation.—Appendix II hereto attached will give an idea of the Laws and Rules in force in this State.

12. **Military Force.**—No regular military force is maintained and hence Appendix III hereto attached is blank.

13. **Police.**—Appendix IV gives a full decription of the police force. Briefly its strength consists of 4 rank and 26 file, of which 9 are mounted. They are armed with muzzle loaded guns and swords. It is both fully sufficient and efficient. Its ratio to population and area is 1 to 506 souls and 5·5 miles respectively. The cost of its maintenance comes approximately to Rs. 1,250.

14. The following statistics will show the working of the Police.

Year.	No. of offences committed.	No. of persons arrested.	No. of persons committed.	No. of persons convicted.	No. of persons pending trial.	Amount of property stolen.	Amount of stolen property recovered.
1912-13	11	9	9	5	2	479-4-3	454-3-0
1913-14	4	5	5	5	0	0-4-0	180-4-0

15. The amount of Rs. 180-4-0 as that of the property recovered includes the amount of Rs. 180-0-0 of property stolen in another Territory, caught here, and accused being tried here under sec. 411 I. P. code.

16. Appendices V, VI and VII furnish full details.

17. There were neither any case of robbery nor of decoity committed during the year. There was one case of accidental death by drowning in a pond. There was no case of suicide. Two persons, Vaghris by caste and residents of Dhubadia under Jodhpur, were found while passing through this Territory, possessed of Queens counterfeit coins (two in number) and were arrested by the Village Police. Both of them were convicted under secs. 240 and 243 I. P. code.

18. **Village Police.**—Total number of Village Police is 35. Almost all of them are on service tenure. Their work is on the whole satisfactory.

19. **Criminal Justice.**—There are two subordinate criminal courts, one of Sir Nyayadhish and the other of Nyayadhish. The Nyayadhish exercises the powers of the First class Majistrate and the Sir Nyayadhish has full jurisdiction. There is neither any increase nor decrease in the

number of criminal courts during the year. The following table will show the work done by each of them.

Courts.	1912—13.			1913—14.		
	No. of cases registered.	No. of cases decided.	No. of cases undecided.	No. of cases registered.	No. of cases decided.	No. of cases undecided.
Sir Nyayadhish.	0	0	0	1	1	0
Nyayadhish.	12	12	2	9	11	0

20. Appendix VIII will give full details. There was no criminal appeal during the year under report and appendix IX is blank.

21. **Civil Justice.**—There are two civil courts of original jurisdiction one of the Sir Nyayadhish and the other of the Nyayadhish. The Nyayadhish hears suits valuing up to Rs. 2,000 and the Sir Nyayadhish has full jurisdiction. There was neither increase nor decrease in the number of courts during the year. There were 3 suits filed during the year under report which were all money suits. They all were disposed of during the year (Vide Appendix X). There were three execution application during the year, all of which were also disposed of (Vide appendix XI.) There was no civil appeal during the year under report and hence the appendix XII is blank.

22. **Extradition.**—During the year there was one demand by the State and one on the State. The demand against the Dasada Thana made in the year 1909-10 and referred to in the previous year (1911-12) is yet uncomplied with.

23. **Prisons.**—The Jail has a strong building situated on the gate way in front of the Court House in Patdi. The maximum number of prisoners in the Jail during the year was 7 (2 of previous year, + 5 newly admitted during the year) as against 6 (all admitted during the last year) during the preciding year; the average daily attendance being 1·6 during the year under report as against ·81 in the previous year. (Vide appendix XIII). Health and general conduct of the prisoners were good.

24. During the year one prisoner undergoing sentence for an offence under sec. 411 I. P. C. was released on the 25th of July on the sad occasion of the demise of the Darbar Shri Surajmalji. Two were also released on the

5th of August in the commemoration of the occasion of the investiture of Darbar Shri Dolatsinhji.

25. **Registration.**—The documents registered during the year were 3 of an aggregate value of Rs. 1,955/as against 3 of an aggregate value of Rs. 800—0—0 in the previous year. Appendices XIV and XV furnish full details.

26. **Municipal administration**—Although Patdi, the capital town, is situated in the zilla mahal of the state, still works of public utility are attended to and maintained and though the Kathiawad mahal comprises a few small villages due attention is paid to Village sanitation. There being no municipality appendix XVI is blank.

CHAPTER IV.

Production & Destribution.

27. The total amount of rainfall during the year under report was 37 inches as against 28·70 in the previous year and against 21·28 of the last five years average (Vide appendix XVII).

28. The monsoon this year sat with favourable prospects. It commenced on the 24th June. The total rainfall was not only sufficient but it was abnormal and somewhat continuous and consequently the sowing operation, were hampered to some extent. There was 5·80 of rain in June, 13·57 in July, 9·75 in August and 7·68 in September. The out-turn of Joovari and Bajrá was thus only about 4 annas. The continuous rain told much upon these crops. Their seedlings were also eaten up by Khabedi &c., at several places and their place was taken by cotton. After rains of Suptember flooded once some cotton and its place was taken by wheat. However area under cotton was greater this year for the reasons shown above. It was about 7000 acres. There was climatic bad effect upon cotton in poor and elevated lands. Its out-turn is about 12 annas. Quantity is more on account of more cultivation. Area under wheat was 576 acres. Its cut-turn is, about 8 annas. This is mostly due to want of sufficient cold.

29. There was neither frost nor there appeared Swarms of locusts during the year under report. There was neither any epidemic nor epizoolic disease in the year.

30. Appendix XVIII hereto attached will show the prices current for the staple food &c., as compared with those of the previous year. The rates this year are higher on account of their out-turn being less and also there being famine in upper India.

31. Fodder supply was sufficient, drinking water was also sufficient during the year. Wages were the same as reported in the previous year.

32. The temperature was 109 raised the highest and 45 degrees depressed the lowest as against 116 degrees raised the highest and 45 degrees depressed the lowest in the preceding year. Heat in the summer during the year was normal. Cold was also less.

33. There is no forest in the territory. All possible means are adopted in rearing and preserving nimb trees &c. Not only due care of trees planted in memory of the coronation occasion is taken but a good deal is added every year in their number.

34. The villages under the Kathiawad Mahal being small, no trade of interest is carried on as also no manufacture of any importance. At the capital town Patdi there are three Ginning Factories and one cotton Steam Press.

35. The public works during the year consisted of construction, and repairs of buildings. The total amount of expenditure on this account amounted to Rs. 2,928-8-3 (Vide appendix XIX).

36. As the Kathiawad Mahal consists of a few small villages there is neither any Post Office nor any Mint in it. There is one combined Post and Telegraph Office at the capital Town Patdi.

37. There was no out-break of epidemic such as Plague, Cholera &c. Maleria also was not much vehement during the year and consequently death rate is low. Result of birth rate during the year was also satisfactory. As there are no Tari, Liquor and Ganja shops, people are less addicted to them. There is only one Opium shop. Appendix XXI furnishes information in details.

CHAPTER V.

Revenue and Finance.

38. The gross revenue of the Kathiawar Mahal for the year ending by the last Diwali came to Rs. 39,844—5—3 as against Rs. 1,622—13—2 in the previous year which was of a general drought. Expenditure concerning the Kathiawad Mahal is inseparable. It however approximately counting amounted to Rs. 35,437—2—3 as against Rs. 27,924—15—5 in the previous year.

39. By the grace of the Almightly the State is still saved from indebtedness.

CHAPTER VI.

40. **Vital statistics &c.**—There is one Dispensary at Patdi. The following table briefly shows the working of the Dispensary and the amount of expenditure incurred on that account. Vide also appendix XXIII for further details.

Year.	Indoor patients.	Out-door patients.	Expenditure.
1912—13	2	1795	1,003-3-0
1913—14	3	2155	766-7-0

41. The vaccination department is under the charge of the Kathiawad Agency Surgeon. The following tabular statement shows the number of children who were put to the advantage of vaccination and the cost on that account during the year under report as compared with those of the previous year.

Year.	Primary vaccination.	Re-vaccination.	Successfully vaccinated.	Unsuccessfully vaccinated.	Expenditure.
1912—13	115	0	115	0	25-13-7
1913—14	87	1	88	0	62-1-0

42. The total number of births during the year was 126 as against 116 in the previous year while that of death was 92 as against 149 in the preceding year. (Vide appendix XXIV.) Result of both births and deaths was satisfactory. The accuracy of the registration of births and deaths is ensured through the village officials. No separate establishment is entertained for the purpose.

43. There was no out break of small pox nor of plague during the year.

CHAPTER VII.

44. **Education.**—There are five male and one female Gujarati schools in the Zillah Mahal. There is also one Anglo Vernacular School at Patdi. One School for the depressed class and one Urdu School for the Mahomedans are also opened at Patdi. Though the Kathiawad Mahal comprises a few small villages one Gujarati School is yet maintained where instruction is imparted up to Standard IV. This is under the supervision of the Kathiawad Agency Educational Department. The daily average attendance of the boys was 17·5 as against 14·7 in the preceding year. The cost on this account amounted to Rs. 215—6—10 as against Rs. 201—14—5 in the previous year. Appendix XXV hereto attached furnishes full information.

45. **Miscellaneous.**—There is no printing press in the territory. There is one library at Patdi and it has been registered by the Government.

Chief Kamdar,
Patdi State.

PATDI,
Dated 30 *April 1914.*

Maganlal R. Patel,

Chief Kamdar, Patdi State.

Patdi

Annual Administration Report.

For 1914-15.

This report chiefly concerns the Kathiawad Mahal of the State for the year ending by the 31st March 1915.

CHAPTER I.

General and Political.

2. This State ranks in the 4th class and comprises an area of about 165 square miles and population of 15,196 souls, out of which the Kathiawad Mahal has an area of 39·4 square miles and population of 2,384 souls according to the census of 1911, A. D.. Gross revenue, (based on the average of the past five years) of the Kathiawad Mahal is Rs. 33,636—15—5.

3. The annual amount of Peshkashi is settled at, besides Rs. 3,005--3-11 annually payable in the Dasada Thana, Rs. 5,235 payable to the Kathiawad Treasury, from which Rs. 2,015-12-0 are permanently deducted on account of compensation for Savda and Khakharla lands taken up for the Salt Department, leaving a balance of Rs. 3,219-4-0.

4. W. C. Tudor Owen Esquire, the Political Agent, Jhalawar Prant, encamped at Patdi from 5-2-15 to 8-2-15, L. Graham, Esquire, the Judicial Assistant to the Agent to the Governor in Kathiawad, from 7-1-15 to 9-1-15, F. E. Sharp, Esquire, the Assistant Superintendent of Police, Kathiawar Agency on 18th and 19th February 1915. F. W. Croley, Esqr. in September last and F. C. Nissen, Esquire, Agency Engineer in November last visited Patdi to despose of the long pending grievance of the State regarding the channel B. C. at the village Goriawad. Result is not yet known.

5. During the halt of the Political Agent, Jhalawar Prant, Mr. Oza, of Manhar Brothers, Bhavnagar, was invited for Agricultural demonstrations with new implements and under the Presidentship of Mr. Owen, Mr. Oza performed them before a big gathering of State Officials, Bhayats, Garassias, Citizens, and Cultivators visited from all the villages.

6. The Chief paid during the year several short visits to some of the villages to acquaint himself personally with people and their conditions.

7. The most important of all the events of the year is that of the Great War which Great Britain has been waging against Germany, Austria-Hungary, and Turkey, most vehemently at great sacrifices, both in men and money for the cause of righteousness. The princes and people of India have all sympathetically realized the situation and risen loyally to the cause. Our Darbar Saheb immediately on hearing of the breaking of the war, wired to the Agent to the Governor, Kathiawad, "Please convey to Government my sense of unflinching loyalty and devotion under all circumstances." On account of War exigencies the precautionary measures, which were suggested from time to time by the Agency, were aptly adopted. He contributed Rs. 1,500 to the Bombay War Relief Fund. His mother paid Rs. 250 to the Women's Branch. He also joined with the Kathiawad larger states to present a fleet of Motor Ambulance cars to His Majesty. In November last, when a great necessity was felt for taking steps to enlighten people as to the causes of the War and the eventual possibilities of the British Victory in order to get rid off false rumours, an influential gathering was held under the Presidentship of the Darbar Saheb with a most satisfactory result. May the Almighty, we pray, soon bring in glorious victories to Great Britain and her Allies, conclude this dire War and bestow eternal peace to the world.

8. Darbar Shri Dolatsinhji, the present Chief is aged 33 years and is Kadwa Patidar by caste. He has no issue as yet.

9. The high officers of the State were the same during the year under report and all have performed their duty satisfactorily.

CHAPTER II.

Administration of the Land.

10. The Revenue System of Bhag Batai is prevailing in this State as here-to-fore. There was no special reason occasioned to make any alteration in the system in vogue.

11. There is no good cultivable land which remained without operation. No waste lands have been taken under cultivation during the year under report. There were neither any alienations nor any boundary disputes. Takavi advances given to cultivators for seeds, bullocks and maintenance till the last Diwali by which the State financial year ends, amounted to Rs. 6,724-9-2.

CHAPTER III.

PROTECTION.

12. **Legislation.**—The Laws, Rules and Regulations that are in force in the State are shown in Appendix II hereto attached.

13. **Military Force.**—The State does not maintain any regular Military force and hence Appendix III hereto attached is blank.

14. **Police.**—Appendix IV gives a full description of the police force. Its strength consists of 4 rank and 26 file, out of which 9 are mounted. They are armed with muzzel loaded guns and swords. It is both fully sufficient and efficient. Its ratio to the population and area is 1 to 506 souls and 5·5 miles respectively. The cost of its maintenance comes approximately to Rs. 1,250-0-0.

15. The following statements will show the working of the police.

Year.	No. of offencies committed.	No. of persons arrested.	No. of persons committed.	No. of persons convicted.	No. of persons pending trial.	Amount of property stolen.	Amount of stolen property recovered.
1913-14.	4	5	5	5	0	0-4-0	180-4-0
1914-15.	6	11	11	11	0	20-12-0	9-13-0

The amount of Rs. 180-4-0 shown as that of the property recovered in 1913-14 includes the amount of Rs. 180-0-0 of property stolen in another territory which was caught here. Offenders were also arrested and tried here under Sec. 411 I. P. Code.

16. Appendicies V, VI, and VII furnish full details of the working of the police.

17. There was no robbery, dacoity, suicide nor any serious offence during the year under report. There were two accidental deaths one by burning and one by serpent biting during the year under report.

18. **Village Police.**—Total number of village police is 35. Almost all of them are on service tenure. Their work is on the whole satisfactory.

19. **Criminal Justice.**—There are two subordinate courts one of Sir Nyayadhish and the other of Nyayadhish. The Nyayadhish exercises the powers of the First Class Magistrate and the Sir Nyayadhish has full jurisdiction. There is neither any increase nor decrease in number of Criminal Courts during the year. The following table will show the work done by each of them:—

Courts.	1913-14.			1914-15.		
	No. of cases Registered.	No. of cases decided.	No. of cases undecided.	No. of cases registered.	No. of cases decided.	No. of cases undecided.
Sir Nyayadhish.	1	1	0	0	0	0
Nyayadhish.	9	11	0	12	12	0

20. Appendix VIII will give full details. There was no criminal appeal during the year under report and hence appendix IX is blank.

21. **Civil Justice.**—There are two civil courts of original jurisdiction, one of the Sir Nyayadhish and the other of the Nyayadhish. The Nyayadhish hears suits valuing up to Rs. 2000 and the Sir Nyayadhish has full jurisdiction. There was neither increase nor decrease in the number of courts during the year. There were two suits filed during the year under report which were money suits. They were disposed of during the year. (Vide Appendix X). There was no application for the execution of decrees and hence the appendix XI is blank. There was no civil appeal during the year under report and so the appendix XII is also blank.

22. **Extradition.**—The State made one demand from Dasada State while there was none on the State during the year under report.

23. **Prison**—The Jail has a strong building situated on the gate way in front of the Court-House in Patdi. The maximum number of

prisoners during the year was 8 (1 of previous year + 7 newly admitted during the year) as against 7 (2 of previous year + 5 newly admitted during last year) during the preceding year, the average daily attendance being 81 during the year under report as against 1·6 in the previous year. (Vide appendix XIII). Health and general conduct of the prisoners were good.

24. **Registration.**—The number of documents presented for registration during the year was 8 of an aggregate value of Rs. 6,182 as against 1,955 in the previous year. Appendices XIV and XV furnish full details.

25. **Municipal Administration.**—Although Patdi, the capital town is situated in the Zilla Mahal of the State, still works of public utility are attended to and maintained and though the Kathiawad Mahal comprises a few small villages due attention is paid to village sanitation. There being no municipatity appendix XVI is blank.

CHAPTER IV.

Production and Distribution.

26. The total rain-fall during the year under report was 25 inches 19 cents as against 37 inches in the previous year, and against 22·33 of the last five years average. (Vide appendix XVII).

27. The monsoon this year set with favourable prospects. It commenced on the 4th June. The total rain-fall this year was not only normal but instalments thereof were also in time. There was 5–12 of rains in June, 12–50 in July, 1–38 in August, and 5–46 in September. Still however the season in end was not on the whole so satisfactory. It seems to be due to climatic bad effect. Out-turns of Joowar and Bajri were 6 annas, of wheat 4 annas and of cotton 10 annas. Area under cotton crops this year was 8281 acres which was about 18 P. C. more than normal. It is usual to sow the black soil first with cotton and to resow it with wheat whenever it is flooded by after rains. This year much of it was not flooded and hence much cotton sowing was saved. Wheat was only 72 acres and its out-turn was also weak as shown above. Hence the high prices of wheat consequent to the War condition were not availed of. Prices of cotton fell down heavily in the beginning of the War. The State had in stock a greater part of the last year's cotton pods and consequently it suffered a substantial loss. The price is now moderately risen and improved the prospects of this year to some extent.

28. There was neither frost nor there appeared swarms of locusst during the year under report. There was neither any epidemic nor epizootic disease in the year.

29. Appendix XVIII hereto attached gives the prices of the staple food grains current at the end of the year under report. In the middle part of the year there were some marking fluctuations in the rates of some food grains and specially that of wheat. But this was chiefly accounted for the great war in Europe. The measure, which the Government have taken for the control of wheat export, has reduced its price.

30. Fodder supply was sufficient, drinking water was also sufficient during the year. Wages were the same as reported in the previous year. This told much upon the agriculturist as the price of cotton was reduced and labour charges remained the same.

31. The temperature was 108 raised the highest and 45 degrees depressed the lowest as against 109 degrees raised the highest and 45 depressed the lowest in the preceding year. Heat in summer and cold in winter were normal during the year under report.

32. There is no forest in the territory. All possible means are adopted in rearing and preserving nimb trees &c. Not only due care of trees planted in memory of the Coronation occasion is taken but a good deal is added every year in their number.

33. The villages under the Kathiawad Mahal being small no trade of interest is carried on as also no manufacture of any importance. At the capital town Patdi there are three Ginning Factories and one Cotton Steam Press.

34. The public works during the year consisted of construction and repairs of Bandhs and buildings. The total amount of expenditure on this account amounted to Rs. 1,978-2-0 (Vide appendix XIX).

35. As the Kathiawad Mahal consists of a few small villages there is neither any Post Office nor any mint in it. There is one combined Post and Telegraph Office at the Capital town Patdi.

36. Appendix XX hereto attached furnishes full particulars of the agricultural stock. It is both efficient and sufficient.

37. There was no out-break of any epidemic such as plague, cholera

&c. Malaria also was somewhat less vehement during the year and consequently the death rate is low. Result of birth rate was also satisfactory during the year. As there are no Tari, Liquor and Ganja shops people are less addicted to them. There is only one Opium shop. Appendix XXI furnishes full information.

CHAPTER V.

Revenue and Finance.

38. The gross revenue of the Kathiawad Mahal for the year ending by the last Diwali came to Rs. 43,667-0-11 from which Rs. 6,438-4-0 are to be deducted for the loss in the price of the cotton pods stored as against Rs. 39,844-5-3 in the previous year. Expenditure concerning the Kathiawad Mahal is inseparable. It however approximately counting amounted to Rs. 31,024-6-11 as against Rs. 35,437-2-3 in the previous year.

39. By the grace of the Almighty the State is still saved from indebtedness.

CHAPTER VI.

40 39. **Vital Statistics.**—There is one Dispensary at Patdi. The following table briefly shows the working of the Dispensary and the amount of expenditure incurred on that account.

Year.	In-door patients.	Out-door patients.	Expenditure.
1913-14.	3	2155	766-7-0
1914-15.	5	1765	836-1-3

41 40. The Vaccination department is under the charge of the Kathiawad Agency Surgeon. The following tabular statement shows the number of children who were put to the advantage of vaccination and the cost on that account during the year under report as compared with those in the preceding year.

Year.	Primary vaccination.	Re-vaccination.	Successfully vaccinated.	Unsuccessfully vaccinated.	Expenditure.
1913-14.	83	1	88	0	62-1-0
1914-15.	105	1	105	0	27-12-2

42 41. The total number of births during the year under report was 146 as against 126 in the preceding year while that of death was 86 as against 92 in the previous year. (Vide appendix XXIV). Result of births and deaths was satisfactory. The accuracy of the registration of births and deaths is ensured through the village officials. No separate establishment is entertained for the purpose.

43. There was neither out-break of small-pox nor of plague during the year under report.

CHAPTER VII.

44. **Education.**—There are five male and one female Gujarati schools in the Zilla Mahal. There is also one Anglo Vernacular school at Patdi, and also one school for the depressed class and one Urdu school for the Mahomedans. Though the Kathiawad Mahal comprises a few small villages one Gujrati school is yet maintained where instruction is imparted up to Standard IV. This school is under the supervision of the Kathiawad Agency Educational Department. The daily average attendance of the boys was 15·3 as against 17·5 in the preceding year. The cost on this account amounted to Rs. 184-14-3 as against Rs. 215-6-10 in the previous year. Appendix XXV hereto attached furnishes full information.

45. **Miscellaneous.**—There is no printing press in the Territory. There is one Library at Patdi which has been registered by the Government.

Patdi,
Dated 8th May, 1915.

Chief Kamdar, Patdi State.

APPENDIX I.

Names of high officials in the Patdi State and Residency officials showing changes in personnel during the year 1914-15.
